CHARACTER NAME

AGE	HEIGHT	WEIGHT

CHARACTER APPEARANCE

ORGANIZATIONS

The Iron Ninth, the army company he was built for. Mostly disbanded after the war. A few old soldiers still keep in touch.

ALLIES

Commander Vexana, his old commander. She's the one who sent him to find out why the world is falling apart. Tough, tired, and the only person he'd follow without asking questions.
Pip, a halfling supply clerk from the Iron Ninth. Still sends him letters. He keeps all of them in his backpack.

NAME

SYMBOL

ALLIES & ORGANIZATIONS

Tigor was built for the war. A shield with legs. Then the war ended, and he didn't know what to do with himself.
So he stayed in uniform anyway. He fixed fences, hauled supplies, and made friends with anyone who would talk to him.
Lately things keep breaking. Towns go quiet, roads vanish, and monsters show up where they never used to. His old commander called him in and told him straight: go find out what's going on. He said yes before she finished the sentence. He's no scout and he's not sneaky about it. He walks in, says hi, and stands between the trouble and whoever's behind him.
